Flutter commands

Pub get

Pub upgrade

Pub outdated

Flutter doctor

25

# To automatically upgrade your package dependencies to the latest versions

26

# consider running `flutter pub upgrade --major-versions`. Alternatively,

27

# dependencies can be manually updated by changing the version numbers below to

28

# the latest version available on pub.dev. To see which dependencies have newer

29

# versions available, run `flutter pub outdated`.
